How to Ship Guns to Support Our Troops®

- Do Not Use the Post Office.
- Use Federal Express only for handguns
- Use UPS for long guns and/or handguns.
- Unload them.
- No ammunition. It must be shipped separately if you want to send it.
- No mufflers/silencers/suppressors.
- No machine guns.

It is cheapest to ship rifles and shotguns by UPS ground. FedEx, unfortunately, requires all firearms to be shipped by air.

UPS:

- Firearms other than handguns can be shipped via UPS Ground.
 - This is much cheaper than by overnight air.
- Handguns may only be shipped by UPS Next Day Air Services.
- In both cases you have to verbally notify them it contains a firearm or handgun.
- In both cases you must use Delivery Confirmation Adult Signature Required.
- In both cases do not mark, label or otherwise identify on the outside of the package that it contains a firearm.
- In both cases you can only ship through a UPS Customer Center (counters at UPS operational facilities), a UPS Scheduled Pickup Account.
 - No UPS Drop Boxes
 - Cannot give to The UPS Store®, any third party retailer, or any UPS Access Point™ location.
 - Cannot pickup via a UPS Online label (unless you have a routine commercial account)
 - You can print your label online and take it to the main UPS center in your town. You just can't have it picked up.

FedEx:

- All firearms must be shipped via FedEx Priority Overnight service (a bit silly).
 - No C.O.D.
 - No Drop Box.
- Select the Direct Signature Required or Adult Signature Required Delivery Signature Option, depending on the requirements of your shipment.
 - No signature release or indirect delivery.
- Do not mark, label or otherwise identify on the outside of the package that it contains a firearm.
- But - when you give them your package you must tell them it contains a firearm.

Box in a box.

- Wrap the guns individually and place them inside a box.
- Cushion them to avoid damage in transit.
- Put the first box inside a larger box and use wadded newspaper or such to pad around it. Larger boxes are less likely to be lost.

Include a list.

- Put a list of items in with them.
- Put anything you would like to write about your items in with them.

Blank package exterior.

- Don't reveal the contents of your package anywhere on the label or outside. It could make it a target for thieves.
- Only your address and our address
